

Aero is a smart and extremely versatile modular roller display system.

from
£850

- Rollers available in 1000mm x 1500mm widths
- Each roller adjusts to 3 different heights, 1145mm, 1620mm + 2120mm
- Rollers can be positioned to create a flat back-wall or angled configuration and the modular design makes it easy to link to additional units
- Graphics attach to roller cassettes and can be retracted for easy transport
- Lightweight aluminium components pack down into padded nylon carry bags
- Complete with two universal fittings for spotlighting or floodlighting
- Comes complete with quality padded carry bags
