

# Leader Plus

Leader plus is a smart retractable barrier system, ideal for use in retail outlets, airports, entertainment venues, reception areas or any location where queue control is required.

NB: Image shows 2 connected units (supplied as single units)

### features & benefits

- Solid, compact design with weighted pole bases for extra stability
- Webbing retracts into post unit
- Anti-tamper tape ends
- Each post can be connected together
- Very easy to use

Simply slide the webbing into the fixing and lock into place.

Example of 3 units joined together to form a row

Availability:  
Dark grey post and base with  
black webbing

# Assembly Instructions

Kit includes: Base (A), Base top (B), Central pole (C), Pole screw (D), Spanner (E), Rubber fixer (F)

1 Place the base (A) on the floor and slot top (B) over it

2 Turn base on its side and insert the pole screw (D)

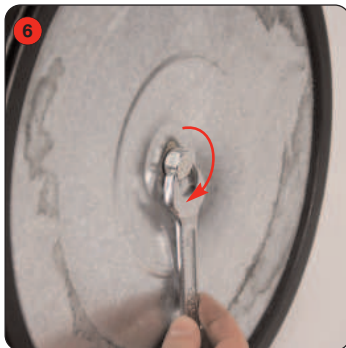

3 Slot rubber fixer (F) over the end of the central pole (C)

4 Place central pole and rubber fixer over the screw and onto the base

5 Place pole and base on their side and firstly, tighten screw with fingers

6 Then take the supplied spanner and secure fit

7 Pull webbing from 1st unit to second unit and slide onto fixing

8 Screw the webbing into place using the screw-fix end
